ABOUT IGNITE 2.0

IGNITE 2.0 is the second edition of the National Level AI & Robotics Ideathon and Idea Pitching Competition organized by I Hub School of Learning. Following the success of the inaugural edition, IGNITE returns with a renewed vision of discovering innovative minds capable of solving real-world problems using Artificial Intelligence and Robotics.

The competition provides an opportunity for students, researchers, innovators, and aspiring entrepreneurs from across India to showcase creative ideas that address pressing societal and technological challenges.

The competition is designed to encourage innovation, critical thinking, teamwork, and entrepreneurial spirit while connecting participants with experts and mentors from academia and industry.

VISION & MISSION

VISION

To become one of India's leading innovation platforms that empowers young innovators to create impactful AI and Robotics solutions addressing national and global challenges.

MISSION

- Promote innovation among students and researchers.
- Encourage practical problem-solving through AI and Robotics.
- Build an ecosystem connecting innovators with experts.
- Support interdisciplinary collaboration.

- Inspire future entrepreneurs and technology leaders.
- Develop solutions capable of creating real societal impact.

WHY PARTICIPATE?

Participating in IGNITE 2.0 offers:

● National Level Recognition	● Expert Evaluation
● Networking Opportunities	● Digital Participation Certificate
● Finalist Recognition	● Cash Prize Pool of ₹10,000
● Exposure to Industry Professionals	● Opportunity to Showcase Innovative Ideas

COMPETITION DOMAINS

Participants may submit ideas under any one of the following domains.

DOMAIN	FOCUS AREA
Tribal Development	Innovative technologies that improve tribal welfare and sustainable development.
Space	AI and Robotics solutions for satellite systems, exploration, remote sensing, navigation, and aerospace.
Defence	Innovations supporting national security, surveillance, autonomous systems, disaster response, and defense technologies.
Education	Technology-driven solutions improving learning, accessibility, assessment, and digital education.
Healthcare	AI-based healthcare innovations, diagnostics, robotics, medical assistance, and digital health solutions.

COMPETITION STRUCTURE

IGNITE 2.0 consists of two competitive phases.

PHASE I

Online Preliminary Round

Conducted via Google Meet

▼ TOP 10 TEAMS SELECTED ▼

PHASE II

Grand Finale

PHASE I — ONLINE PRELIMINARY ROUND

The first stage of IGNITE 2.0 will be conducted online through Google Meet. Upon successful registration, every team will receive a confirmation email containing the date of presentation, presentation time slot, Google Meet link, participant guidelines, and additional instructions.

The meeting link will be shared through teamihsl31@gmail.com. Every registered participant who successfully completes the presentation will receive a Digital Participation Certificate via email. The Top 10 teams selected by the expert jury will qualify for the Grand Finale.

► Online Presentation Guidelines

Presentation Format

- Presentation must contain 12–15 slides.
- Every slide must contain page numbers.
- Maintain a professional and consistent theme throughout the presentation.
- Slides must not be generated using any AI tool — the presentation should be entirely prepared by the team based on their own idea and research.
- All registered team members must participate in the presentation.

Mandatory Presentation Structure

#	SLIDE
01	Title Slide
02	Team Introduction
03	Abstract
04	Problem Statement
05	Existing Solutions / Current Challenges
06	Proposed Solution
07	Innovation Highlights
08	Technical Approach
09	AI & Robotics Integration
10	Future Scope
11	Expected Results & Discussion
12	Conclusion

Additional slides may be included within the maximum limit, if necessary.

Presentation Rules

- Presentation Time: 10–15 minutes, followed by a Question & Answer session.
- Questions will be asked by the expert jury.
- Participants should be prepared to explain technical feasibility, innovation, practical implementation, future scalability, and expected impact.
- The judges' decision will be final.

PHASE II — GRAND FINALE

The Top 10 shortlisted teams will be invited to the Grand Finale, to be held in Ernakulam, Kerala. The finalists will present their ideas before an expert panel.

Participants may also demonstrate a prototype, working model, or hardware setup. A hardware prototype is an added advantage but not mandatory.

ELIGIBILITY & TEAM SIZE

Eligibility

The competition is open to:

● School Students	● Diploma Students
● Undergraduate Students	● Postgraduate Students
● Research Scholars	● Startups
● Individual Innovators	

Team Size

Maximum 4 members per team.

REGISTRATION

REGISTRATION FEE	CONTACT FOR REGISTRATION
₹499 per Team	teamihsl31@gmail.com

After successful registration, participants will receive:

- Registration Confirmation
- Program Date

- Presentation Schedule
- Google Meet Link
- Participant Guidelines

Participants are requested to regularly check the email address provided during registration for further updates and important announcements.

AWARDS & RECOGNITION

PRIZE POOL	EVERY PARTICIPANT	WINNERS — 1ST & 2ND
₹10,000	Digital Certificate	Trophy + Cash

RULES & REGULATIONS

- Maximum four members per team.
- One idea per team.
- Original work only.
- Plagiarism will result in immediate disqualification.
- AI-generated presentation slides are strictly prohibited.
- Every team member must actively participate in the presentation.
- The organizing committee reserves the right to modify the competition schedule or rules if required.
- Team IGNITE 2.0 under I Hub School of Learning reserves the right to disqualify any participant violating the rules.
